

PHOTOS OF YOUR KERN RAFTING TRIP

Whitewater Voyages will send a professional photographer to take memorable photos of your day on the water. Still photographs capture the essence of your whitewater experience and we've found them to be the best way to preserve every exciting moment for the future.

Your photographs will be available for review at the Kern Outdoor Center upon your return from your day on the water. Should you choose to purchase them, a CD will be provided with all of the photos taken of your raft that day.

If you have a large group, an affordable option to purchase all of the boats on the water is available.

A **"Pre-Sale" discount of 10%** is available to all who order their photos in advance of their arrival so if you have an inclination to purchase a disc, give our office a call at 1-800-400-7238 and save a few bucks!
